For Immediate Release

### **Report Generator combit List & Label Will Face its Competition at the EMEA PUG Challenge**

*Konstanz, Germany, 2016-09-28* – At this year's EMEA PUG Challenge in Noordwijk, the Netherlands, Head of Development Jochen Bartlau will present the List & Label reporting tool in a Vendor Battle. A number of international Progress user groups will participate in the conference Oct 05 – Oct 07, 2016. In the Reporting Vendor Battle several manufacturers will respond to critical questions from the community on available commercial and open source reporting components.

"Especially for developers working with Progress, it is often not easy to find a reliable and flexible reporting tool for their application," explains Jochen Bartlau. "I am pleased that we component manufacturers can provide a thorough overview to the community in this battle, to assist them in their development projects." The 90-minute event will be held on Wednesday Oct 05, 2016 at 03:15 PM at Grand Hotel Huis ter Duin in Noordwijk.
